THE OLD RELIABLE INSURANCE AGENCY.

At this agency is represented many of the Sound, Solid Old Companies of this country and England, among them are

The Sun of London, England.

The Old Hartford, of Hartford, Ct.

Organized in 1794. I have in my office a fac simile of the first policy ever issued by this sterling old company, dated Hartford, Feb. 25th, 1794, which is well worth examination. With its millions of assets, great experience, and the fair and honorable manner which this company has at all times conducted its losses, accounts for its great popularity and enormous business. All my companies have had great experience, have immense assets, and sound and solid. The most of them have been through all the great fires for years past, including those of Chicago and Boston, and have always paid one hundred cents on the dollar and always will.

THE BEST IS THE CHEAPEST.

I also have a special form policy for dwellings and contents, the shortest and best ever issued. All policies written at lowest possible rates. Please call at my office opposite Rock County National bank

Dyspepsia

Makes many lives miserable, and often leads to self destruction. Distress after eating, sick head, ache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstinate cases of dyspepsia. Read the following:

"I have been troubled with dyspepsia. I had little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, allgone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced. It relieved me of that faint, tired, allgone feeling. I have felt so much better since I took Hood's Sarsaparilla, that I am happy to recommend it." G. A. PAXON, Watertown, Mass.

THE WOMAN NOT TO HANG

THE WOMAN NOT TO HANG

MRS. MAYBRICK'S SENTENCE COMMUTED.

The Penalty Fixed at Servitude for Life - Stabbed by Robbers - The Criminal Record.

LONDON, Aug. 23 - It is officially announced that Mrs. Maybrick's sentence has been commuted to penal servitude for life.

Before the announcement of the commutation of the sentence of erecting the scaffold upon which Mrs. Maybrick was to have been hanged had already been begun.

The decision was based on the conflict of medical testimony as to whether the poison found in Mr. Maybrick's stomach was sufficient to produce death. After prolonged consultation between eminent lawyers and Mr. Matthews the unanimous opinion was arrived at that Mrs. Maybrick had administered poison to her husband with intent to kill. No further appeal, either for a release from prison or for mitigation of the sentence of life imprisonment will be entertained.

This decision is in accord with public sentiment and the liveliest satisfaction is manifested on all sides. The good news will be broken to Mrs. Maybrick as soon as possible, as it was reported yesterday that she was endeavoring to commit suicide by a serious effect upon the condemned woman.

FOUR MURDER IN BROOKLYN.

A GROCER SLAIN BY THREE MEN - Two of the Assassins Captured.

NEW YORK, Aug. 23 - At an early hour this morning three thieves broke into the grocery store of W. L. Lusk at 14th St. and High Street, Brooklyn. They were surprised at their work by the proprietor, and a hand-to-hand conflict took place, in which the grocer was stabbed to the heart.

The police found one of the guilty men in the store hiding behind a barrel. He said that his name was McElwain, and furnished a description of his companions, who had escaped. Their names he gave as Hawthorne Benson and Thomas Quinlan.

An alarm was sent to this city, and less than an hour Detective Barry had captured Benson, who on being taken to the police station, was recognized as Martin Denin, a professional thief and ex-convict. He was surrendered to the Brooklyn officers. The other man is being hotly pursued.

Before Denin was taken to Brooklyn he was taken to Inspector Byrnes, to whom he said he wished to confess. He said that neither he nor Quinlan knew what had happened in the store. Both remained outside, McElwain alone entering the building. Suddenly the latter ran out, covered with blood. The prisoner and Quinlan then fled.

McElwain was arrested by Policeman Kennedy, who said he heard shouts of "murder" and a few seconds later saw a man running. He was arrested and taken to the station. McElwain had in his possession a large knife, the blade of which was covered with blood. He confessed that it was he who stabbed Lusk.

MURDERED A MAN FOR \$6.

Desperate Crime of a Wisconsin Saloon-keeper - Betrayed by a Witness.

APPLETON, Wis., Aug. 23 - What will probably turn out to be one of the most cold-blooded murders ever perpetrated in Wisconsin is just coming to light at Gager's Forest court. A stranger who had entered a saloon of one Nelson, called for a drink and exhibited a large roll of bills. Nelson walked out from behind the bar and struck the man with a shotgun, killing him. The only witness was a man named Barlow, and Nelson told him he would kill him if he ever betrayed him. Barlow has now been arrested and Nelson is arrested. Nelson burst the man at the back door of his saloon and afterward removed the body and hid it. Barlow said the stranger had only six \$1 bills, which were wrapped around a newspaper. Nelson fought desperately when arrested.

JUSTICE FIELD'S CASE.

After a Wrangle Among the Attorneys It Is Set for Tuesday Next.

SAN FRANCISCO, Cal., Aug. 23 - In the United States Circuit court Thursday District Attorney Curry filed a writ of habeas corpus in the case of Justice Field and David Nagle in connection with the killing of David S. Terry. After conferring with the opposing attorneys the case of Judge Field was set for argument on law points for Tuesday next. Nagle's case will not be taken up until the conclusion of Field's.

W. E. Denny Arrested.

KANSAS CITY, Mo., Aug. 23 - W. E. Denny, the ascending Assistant Postmaster at Booneville, Ind., was arrested here late last night. He confessed to having embezzled \$5,000.

WILL NOT ACCEPT.

Spring Valley Miners Not Satisfied with Mr. Scott's Proposition.

SPRING VALLEY, Ill., Aug. 23 - When Scott's proposition to the locked out miners here was submitted to them, a good deal of business was manifested by the men, and especially by the leaders, with reference to treating with no union men and recognizing no committees, and that each man will have to seek employment for himself individually in regard to the prices and conditions. A number of them declared they could never accept the terms offered and make a living, and they further said they would prefer to leave Spring Valley and seek work elsewhere before they would consent to such terms as were offered. A number of them will leave the city in a few days for southern or western mines.

Until Thursday night mining has still been carried on in the middle vein, mostly by men who were formerly employed in the third vein. The method of working has been by machinery, and the men were paid last year's prices and were satisfied as far as the price was concerned; but now that they have been made to the third vein men they think it is time to stop working in the middle vein, and they accordingly brought their tools out of the mine preparatory to a strike. It was the result of the miners' vote in regard to the 1st of June that caused the riot and necessitated the calling for military. Sweet and the other northern Illinois operators have been waiting for Spring Valley to make an offer, and now that it has been done new developments may soon be expected in the way of an early resumption of operations in this district. It is the opinion of the company's managers that place in September serious trouble will result. Sweet's mines at Seaton are still working at reduced rates. The shaft at Loeysville is also in operation.

Shocking Accident.

So read the headlines of many a newspaper column, and we pursue with palpating interest the details of the catastrophe, and are deeply impressed by the sacrifice of human lives involved. Yet thousands of men and women are falling victims every year to that terrible disease, consumption (scrofula of the lungs), and they and their friends are satisfied to believe the malady incurable. No, there could be no greater mistake. No earthly power, of course, can restore a lung that is entirely wasted, but Dr. Pierce's Golden Medical Discovery will rapidly and surely arrest the ravages of consumption, if taken in time. Do not neglect a cough, a weak, an ill you have tried this wonderful remedy.

you can be a jewel.

—If you have been doing crooked

work, keep it dark. There are several

private detectives in the city.

—The "Merryground" that has been

affording so much amusement on West

Milwaukee street for several days, has

silently departed.

Mary had a little lamb.

And that little lamb was pretty, pink, sir.

They killed that pretty, pink-eyed lamb

For Brown-Squad elixir. —E. C.

—Work on S. D. Grubb's new block

on West Milwaukee street is progressing

rapidly. The cellar walls are about com-

pleted, and to-day the floor joists are

being put in.

—People's Lodge No. 460, Indepen-

dent Order of Good Templars, assemble

in regular weekly meeting this evening.

—Lodge room in the Court Street M. E.

church block.

—There is much complaint in neigh-

borhood cities about unmuzzled dogs bit-

ting children. Would it not be a good

time to muzzle the Janesville dogs be-

fore any one is bitten?

—County Superintendent J. Boyd

Jones will hold a teacher's institute in

Edgerton next week. He will be

assisted by Prof. A. R. Sprague, of

Racine, and W. H. Besch, of Madison.

—W. H. Sargent Post No. 20, G. A.

R., assemble in regular semi-monthly

meeting this evening at Post hall. A full

attendance is requested as final arrange-

ments in regard to attending the National

Encampment will be considered.

—Leave orders for Chicago Herald

(delivered by special carrier), at Law-

rence's bookstore or telephone No. 58; also

any complaints of non-delivery or

negligence.

B. B. REXFORD, Agent.

—County Clerk Williams has decided

that rather than see the trees in the court

house park suffer, he will take the mat-

ter in his own hands. To-day the trees

are being well mulched. There are

some fine trees in the park and it would

be a pity to lose them.

—Mr. Charles E. Brown, the east side

grocery man, has just been appointed

local treasurer of the Minneapolis Build-

ing, Loan & Protection Association. This

association is doing considerable

business in Janesville, and with Mr.

Brown as treasurer, no doubt the busi-

ness will grow.

—The name of the child who died last

Wednesday, on the Alton road, was

Schwietzer and not Stewart, as published

in last evening's Gazette. The funeral

was held at two o'clock yesterday after-

noon, Rev. M. J. T. Abrecht officiat-

ing. The remains were tenderly laid

at rest at Oak Hill cemetery.

—To-day's train have taken quite a

large number of G. A. R. men to Mil-

waukee. They seem to be hurrying in

thus early to make sure of securing good

accommodations for themselves and a

party of friends who will come on later

to attend the encampment. Verily, next

week will be red letter week with Mil-

waukee.

—There was a quiet wedding at the

Park Hotel last evening. The contract-

ing parties were Mr. Frank L. Carr, of

Richmond, Ill., and Miss Lizzie Nev-

ille, of Wauconda, Ill. The ceremony

was performed in the parlors of the hotel

and was very quietly conducted. To-

day Mr. and Mrs. Carr are visiting the

various points of interest in and about

the Bower City. The Gazette extends

congratulations.

—The indications are that there will

be plenty of music at the next meeting

of the common council, on Monday

evening, August 20th. Those opposed

to the slaughter houses remaining in

their present location will be on hand,

determined to fight it out if it takes all

summer. Health Officer Palmer, it is

intimated, has some startling facts to lay

before the city fathers, which will call

for prompt and decided action of that

body, if it does not produce "music from

the entire band." Only wait and see the

result.

—Many people in the city, some with

malicious intent, are in the habit of call-

ing on this or that office to make "pro-

secutions for a fancied violation of city or-

dinances; yet when the officer applied to

request the individual to step forward as

a witness, he generally skulks back,

and then takes revenge in personal

abuse of the officer, charging him with

neglect of duty. As a general thing our

city officers have been very faithful in

enforcing the laws, and citizens who feel

aggrieved at any fancied neglect, should

show their sincerity by coming right up

to the court and making their affidavit,

otherwise hold their peace.

—"The other morning," says the Beloit

Free Press, "when Prof. E. G. Smith

accidentally arose with the sun, he was

much interested in an assemblage or

convention of birds which was being

held beneath the falling spray of a lawn

sprinkler which he had forgotten to turn

off as he retired the night before. (His

family are at the east, it will be remem-

bered, which accounts.) They were

making a great howdy

on the grass dropping their

wings, rolling over, standing on tip-toe,

turning commensally and talking back

at each other like sixty. But the chief

matter of interest to the Professor was the

variety of birds there congregated.

There were five robins, two orioles, a

brown thrush, two woodpeckers and one

blue jay—all bathing in the spray

in the most amicable manner imag-

inable and all seemingly perfectly
